

RKP

Ramkrishan Paramhans Sr. Sec. School

Sharing & Creating Success Since 1997

PROSPECTUS

॥ विद्यया ऽमृतमश्नुते ॥

From nature springs curiosity, curiosity causes exploration, and from exploration comes knowledge. Knowledge is the seed for creation and creation is the aspiration of all human endeavours. Knowledge never dies and nor can it be deformed. It is immortal and its quest is the true path for salvation.

Swami Vivekananda
(All power is within you; you can do anything and everything)

Swami Ramkrishan Paramhans
(The Goal of Human Life is God's Realisation)

Maa Sharda
(All teachers are one. The same power of God works through them all)

MISSION

Our Mission is to inspire, encourage and guide our students to achieve the following :

Learning

Develop intellectual curiosity and become life-long learners.

Profundity

Develop creativity, innovation & logical thinking with analytical depth & intellectual rigour.

Communication

Develop thinking, speaking and writing with precision, clarity and independence.

Integrity

Help adhere to principles and righteousness.

Discipline

Help practice self-discipline, organized, healthy & balanced life.

Perseverance

Develop the tenacity to hold on to aspirations against all odds.

Leadership

Help imbibe strong ethics, rational decision making and leadership with a sense of team work & missionary zeal.

Empathy

Develop capability to understand others perspectives and grow along.

Excellence

Help discover, promote, bolster & nurture individual's forte and passion.

VISION

The **LOGO** of the school comprises five elements, just like the universe, **SNAKE, SWAN, LOTUS, WATER AND SUN**. These elements, in their true essence, represent the vision of our organization.

The Snake stands for Unity which we wish to bring in the society. We want our students to stand strong and united above all differences and work together not only for the betterment of the society but also for the nation. **Swan represents the Almighty** who is omnipresent & guides us along our path of truth, honesty and dedication. Furthermore, **Lotus portrays the Devotion** that each one of us should have not only for the Lord but also for our work which is our prime duty. **Water emphasizes Action** which is a must to work for the progress and change for the betterment. Our ideas and thoughts are worthless if we can't turn them into action. Lastly, **Sun accentuates the need of Knowledge**. Knowledge is of prime importance as it helps us function smoothly and effectively.

Our mission in the true sense supports our vision which is facilitated by the clarion call of **Swami Vivekanand** namely "**Awake, Arise, Great Souls**" which urges us not to stop until we have accomplished our mission and achieved our vision.

We RKPians ARE PROUD to be LED By....

Dear all

Let me use this space to express my sincere gratitude and offer my heartiest congratulations to parents, guardians and the students for reposing sterling faith in the mission of RKP and extending their ceaseless, steadfast and active cooperation in making it what it is today. The collective will and collaborative effort of all the stakeholders have made it possible for us to step into the 28th year of our painstaking but illustrious voyage with phenomenal success and elan.

The management of RKP has always tried to make school a hub of proactive education enthusiasts and not lackluster dumping ground of conventional duty-discharging, information imparting, run-of-the-mill teachers. Salary packages have never been nor will ever be a constraint when it comes to roping in the services of the best teachers who after getting selected are further subjected to a rigorous on-job training, orientation and motivational programme to bring about a paradigm shift in the mindset, methodology, work culture and benchmarks to ensure analytical depth, critical appreciation & holistic understanding of the topics, problems & issues being dealt by them. And this has yielded rich dividends. Students are intellectually enlightened, emotionally balanced, well mannered, passionate, concerned, sensitive and dynamic souls with a killer instinct poised to embark on a high trajectory with a never-say-die spirit, ready to overwhelm the world with their perfectionist and awe-inspiring performance and persona. But they are not mercenary robots or the go-getters. Qualities like gratitude, empathy, compassion, societal concerns, love for justice, peaceful existence and quintessential humanism occupy their mind space and define them.

Swami Vivekanand says, "Education is the manifestation of the perfection already existing in man."

We, at RKP, earnestly and religiously believe in the implications of the above philosophy. Young minds are impressionable blank sheet of paper, unsullied by preconceived notions and endowed with vast potential. We, teachers, in fact, inculcate in them higher tendencies and traits. Hence, we at R.K.P, endeavour to provide our students an ambience and a work culture wherein PERFECTION is the concept underlying and pervading all academic and co-curricular activities. A conscious and tangible effort is made to curb tendencies like rote learning, mechanical writing work and proclivities towards sub-standard work. I am of the view that students in their formative years if exposed to creative, dynamic, passionate and honest research oriented educators can be developed into amazingly talented souls. The aura, persona and modus operandi of such hand-picked enthusiasts can dramatically alter, influence and shape perspectives and orientation of our students in cognitive, ethical, emotional and spiritual domains enabling them to face the challenges of modern fiercely competitive globalised world of 21st century more efficiently.

At last, all I can say is that our benchmark of perfection will go on evolving with every passing academic session.

Mr. Ravinder Dangi
Chairman

We RKPians ARE PROUD to be LED By....

आदरणीय अभिभावकगण

सर्वप्रथम, मैं आर.के.पी. विद्यालय पर विश्वास करने और अपने बच्चे के भविष्य को सँवारने की जिम्मेदारी हमें सौंपने के लिए आपका आभार व्यक्त करना चाहता हूँ। मैं आपको विश्वास दिलाता हूँ कि हम बच्चों को गुणवत्तापूर्ण शिक्षा प्रदान करके उनके व्यक्तित्व को सर्वोत्तम आकार देने में कोई कसर नहीं छोड़ेंगे।

बच्चों के भविष्य को सुदृढ़ बनाने के लिए अभिभावक, अध्यापक, विद्यालय और विद्यार्थी; इन चार स्तंभों का मजबूत होना अत्यावश्यक है। सही मायने में शिक्षा ग्रहण करने के लिए इन स्तंभों में से कोई एक भी कमजोर पड़ जाए तो वह बच्चे के विकास में बाधक साबित हो सकता है। हमारा निरंतर प्रयास रहा है कि बच्चों को ऐसी शिक्षा प्रदान की जाए जो उनका चरित्र-निर्माण करे, मानसिक शक्ति बढ़ाए, बुद्धि विकसित करे और उन्हें आत्मनिर्भर बनाकर जीवन को सही ढंग से जीना सिखाए। वे जीवन को समझ सकें, उसके बोझ से दबकर हार न मानें। वे आगे बढ़कर कुछ नया करने में सक्षम हो सकें और केवल परंपरागत ढंग से ही विचार करते ना रह जाएँ।

विद्यार्थी जीवन में अनुशासन के महत्त्व को भली-भाँति समझते हुए हमारा यही प्रयास रहा है कि हम विद्यार्थियों के जीवन में अनुशासन डंडे की चोट पर लाने की बजाय उन्हें अनुशासन के सही अर्थ से परिचित कराएँ। जब विद्यार्थी आत्मानुशासित होंगे तो स्वयं को जानेंगे और उनके मन में संवेदना का विकास होगा तथा प्रकृति के प्रति प्रेम बढ़ेगा और वे उसकी अहमियत को समझकर उसको बचाने और बढ़ाने के लिए हर संभव प्रयास करेंगे। वे अपनी इंद्रियों पर काबू पाकर मन को एकाग्र करने में समर्थ होंगे। वास्तविकता और व्यावहारिकता को समझते हुए अपने समय और ऊर्जा का सही इस्तेमाल करेंगे। बच्चों के शारीरिक और मानसिक विकास के लिए, उनके अंदर छिपी प्रतिभा को खोजने और विभिन्न कौशलों को विकसित करने के लिए स्कूल में आयोजित होने वाली पाठ्यक्रम सहगामी गतिविधियों को योजनाबद्ध तरीके से तैयार किया जाता है। आर.के.पी. पिछले 5 वर्षों से एच.आई.डी.पी. और हैप्पीनेस कक्षाओं के माध्यम से बच्चों को मानसिक रूप से स्वस्थ बनाने पर कार्य कर रहा है ताकि उनमें वैज्ञानिक बुद्धि का विकास हो सके। वे शोषण और दमन से मुक्त होकर हीनता और डर से ऊपर उठकर सरलता के साथ दुनिया का सामना करने और प्रत्येक क्षेत्र में उत्कृष्टता हासिल करने में सक्षम हो सकें।

मैं अभिभावकों से आशा करता हूँ कि आप सब हमारा साथ देंगे ताकि हम मिलकर बच्चों का सर्वांगीण विकास कर उनके सफल एवं सुरक्षित भविष्य को सुनिश्चित कर सकें।

- साहिल दाँगी
निदेशक

OUR PHILOSOPHY

We believe in the philosophy of embarking on the mission to enlighten young minds with the essence and aroma of quality education inculcating in them the judicious mix of truth, justice, compassion, progress and peaceful coexistence, empower them with life skills and equip them with cognitive wherewithals to overwhelm the world with their awe-inspiring performance and persona and bring laurels to their society and nation. We work tirelessly to make every student realise, actualise and channelise his talent and hitherto untapped potential to its fullest.

ADMISSIONS

Admission is made strictly on the basis of a written test and /or interview.

Parents are advised to check the application form carefully before signing it.

Documents required at the time of admission :

- (a) Copy of Birth Certificate
- (b) Two recent passport size photos of Father, Mother, Guardian, Student
- (c) Copy of Aadhar Card of student as well as parents
- (d) Original Online SLC (transfer certificate from the previous school)
- (e) Report Card
- (f) Parivar Pehchaan Patra (Family ID)

WITHDRAWAL

- The school has the right to ask the students to leave the school on the following grounds:
 - (a) Gross misconduct or deliberate breaching of school rules
 - (b) Unsatisfactory academic progress
 - (c) Repeated detentions in the class
 - (d) Cheating in periodicals/terminal examinations
- The students who intend to get admission in any other school due to any reason, should fill their 'No Dues Form' with an application along with Rs. 200/- and submit the same to the Principal upto 31st March. Application must be signed by the parents.
- To get SLC issued in mid session, one has to deposit the fee till that date.
- Transfer certificate will not be issued until all dues of the school are settled.
- SLC will be issued in a week's time after the clearance of the dues, if any.
- Registration fee & Admission fee are non-refundable in any case.

CONTRIBUTORS IN LEARNING PROCESS

PARENTS

As a parent, you are the first teacher and the most important influence on your child's growth and attitude towards learning. At RKP, we always emphasise strengthening the home-school connection that helps inculcate a value system in your child, enhance his/her learning capacity and pace, and teach him important life-skills from an early age. Keeping 3-way communication channel open among students, parents and mentors ensures two things : First, parents get to play a direct and active role in their child's growth and second, a message is conveyed to the child that school and education are extremely important.

COMMUNITY AND CAMPAIGNS

Student-Society Interface is an important platform of experiential learning. A conscious effort is made by all the teachers to make RKPians aware of the nuances of the problems facing their society, culture, community and village or otherwise. Field trips, social awareness competitions, recreational and educational tours, discussion of current affairs and group discussion are part of the overall exposure provided to the students for enabling the shaping of a responsible and responsive persona.

TEACHERS

We as teachers, in whose care you place your child's early learning, take things forward, wearing several hats on the way; that of a guide, friend & sometimes even of a parent and remain with them at every step of the way, facilitating new experiences and opening windows to the new world of learning for them.

OUR STELLAR FEATURES

- ❖ The laboratories at RKP are creatively designed and equipped with the latest imported lab apparatus and technology.
- ❖ The Biology, Chemistry, Physics, Mathematics, Computer & ATL labs are one of the best equipped labs one can have, helping students carry out real time experiments based on A.I.
- ❖ The Art & Craft lab offers practical learning of art, craft & clay modeling.
- ❖ We have in our library & resource center, a vast collection of relevant books, study materials, journals, magazines, periodicals & newspapers. Students can utilise them for their reference in their project works.
- ❖ The school provides high speed internet facility in the computer lab for students to learn at the click of mouse.
- ❖ An effective communication skill not only enhances various aspects of life but also develops intimacy, builds personality, inculcates leadership qualities & makes our students future-ready.

"Tell me & I'll Forget, Show Me & I May Remember; Involve Me And I'll Understand & Internalise"

HIDP CLASSES

The classes under HIDP (Holistic Individual Development Program) help students gain control over their life. They are empowered to gain clarity of thoughts, substance in their personality, and smooth and effective communication with the world.

HAPPINESS CLASSES

Happiness Classes enable the students to know about themselves and establish harmony with the self. The main objective of the classes is to help lead to lasting happiness through stories and activities that promote self-assessment and introspection.

Special and advanced classes for NDA, NEET & CUET are provided to the students along with the board classes to help students strengthen the understanding and application of various concepts.

TEACHING METHODOLOGY OF 21ST CENTURY

New teaching methodologies and education reform are changing the educational environments around the world and driving better academic performance among students building them future-ready professionals. We, at RKP, have forged innovative approaches over the last 27 years that every 21st century teacher and school should be acquainted with. Some of them are:

Flipped Classroom

One of the modern methodologies that has gained more popularity in recent years, Flipped Classroom is a pedagogical approach in which the traditional elements of the lesson taught by the teacher are reversed – the primary educational materials are studied by the students at home and, then, worked on in the classroom.

The main objective of this methodology is to optimize time in class by dedicating it, for example, to meet the special needs of each individual student, develop cooperative projects or work on specific tasks.

Competency-based Learning

By definition, all learning methodologies have the acquisition of knowledge, the development of skills and the establishment of work habits as their main goals. Competency Based Learning (CBL) represents a set of strategies to achieve this. Through assessment tools such as rubrics, teachers at RKP go through the academic curriculum without significant deviations but focusing on it in a different way, putting into practice real examples and, thus, transmitting to their students a more tangible dimension of the lessons.

Cooperative Learning

“Stronger together” is a concept to imbibe the inter-personal skills in the students. It paves the smooth way to peer learning that creates healthy learning ambience. The proponents of this model theorize that working in a group improves the attention, involvement and acquisition of knowledge by students.

Experiential Learning

Beyond the debate around the effectiveness of learning by memorizing facts and data when discussing education, one of the most talked about aspects is the need to show students how to work with the information they receive at school. We, at RKP, assist them to contextualize, analyze, relate, question & explore, in short, convert information into knowledge.

This is one of the goals of RKP, developing thinking skills beyond memorization and, in doing so, facilitate the developing of developed effective intelligence, critical & creative thinking on part of the students.

Art as an Expression

Art is something we do, a verb. Art is an expression of our thoughts, emotions, intuitions, and desires, but it is even more personal than that: it's about sharing the way we experience the world, which for many is an extension of personality. It is the communication of intimate concepts that cannot be faithfully portrayed by words alone. And because words alone are not enough, we must find some other vehicle to carry our intent. But the content that we instill on or in our chosen media is not in itself the art. Art is to be found in how the media is used, the way in which the content is expressed.

We, at RKP, integrate activities for the students to create artistic works to ensure their emotional health. In these exercises, the students express their feelings, emotions, and hobbies without neglecting the objective of the subject being taught.

Interdisciplinary Activities

The classroom is no longer a secluded atmosphere. The advancement of technology and communication has made school much more open to the outside world. A science classroom is no longer closed off to current events and can incorporate worldwide breakthroughs and discoveries the moment they happen. The same goes for Maths, Language, Arts, History, and any other core subject. In this day and age, every classroom should be incorporating interdisciplinary activities, which are those that relate to more than one branch of knowledge.

Keeping the very view, we focus on using interdisciplinary actions like Quiz, Role plays, Skits, Road shows beyond the classroom merely by adjusting the principles to match our students' specific needs.

Life Skills through Story Telling

Education has transformed from the predictive measures of rote-learning to depending upon one's wit and skills to succeed. Today, where knowledge is growing at an exponential rate, it is futile on the part of teachers to work feverishly in teaching young people lessons that have no practical consequences. Instead, students need a further edge, not only to ace past competitors but also to represent intuitive citizens of a vivid tomorrow. The present generation desires life skills to endure and flourish in the 21st century.

RKP designs its curriculum to imbibe the life skills in the students through various methods such as story-telling, work education and corporate learning.

CO-CURRICULARS @ RKP

At 'RKP', the CBSE curriculum is customised to meet the needs of a multifaceted child-centric and pragmatically interactive approach. It is designed exclusively in tandem with the modern needs and requisites without overlooking the highest learning standards.

Comprising a dynamic and colourful potpourri of academics, sports, performing arts, fine arts etc. it further aspires to develop creativity among students by exposing them to the discreet educational experiences so that they can face the future challenges of globalised economy. We tend to hone their skills to make them confident, self-reliant and inquisitive researchers.

In order to foster the unceasing streak of learning in children, an extensive framework is designed to reinforce & promote extracurricular activities, that are beyond but complement the academic map as an integral part of the teaching learning gross. Physical and mental development is achieved through indoor and outdoor sports such as dance, skating, free play, music lessons, dramatics etc.

Specialized professionals coach the child to be involved in all co-curricular activities through their highly engaging spirit. It is also ensured that these activities promote real world experiences, imbibe camaraderie, team spirit, healthy competition and self esteem in broad spectrum of learning.

While cultural and aesthetic cognizance is cultivated through Arts, Music, Dance, Quiz, Drawing, Art & Craft, Rangoli, Fancy Dress Competitions, Hobby Classes, Origami, Painting, Exhibitions etc.. Participation in Group Discussions, Extempore, Declamation, Olympiads, Debates, Role Plays, Presentations etc., i.e. cultivated the cultural & traditional value in them, prompt students' abiding interest in the current affairs and help them augment their leadership traits and enrich their communication skills. To put the aforementioned agendas into action, participation in Inter-School, Inter-District, Inter-State Competitions and Talent Hunts etc. are organized from time to time helping them acquire a competitive edge.

NCC Unit - Nurturing Budding Officers

With the motto of "Unity and Discipline" The National Cadet Corps has been introduced in RKP Sr Sec School, Madina in the Year 2023. The NCC unit consists of 50 cadets headed by School NCC CTO. NCC Flag Contains NCC Crest in gold in the middle, with the letters "NCC" encircled by a wreath of seventeen lotuses with a background in Red, Blue and Light blue. Red depicts the Army, Deep Blue depicts the Navy and Light Blue depicts the Air Force. The seventeen lotuses represent the 17 State Directorates. NCC aims at developing character, comradeship, discipline, a secular outlook, the spirit of adventure and ideals of selfless service amongst young citizens. Furthermore, it helps the youth develop leadership qualities beneficial in all walks of life and prepares them to be available in the Service of the Nation.

NSS Unit

To develop community consciousness among students, the National Service Scheme unit was introduced in RKP in the year 2015. We are proud to share that since then the school has been organising successful NSS camps every year. The NSS unit consists of 100 student volunteers headed by School NSS Coordinator.

Through NSS, the students get opportunities to see the community closely and thus get an experience of human nature in relation to his/her environment. The unit at the school aims to make NSS students better citizens keeping in mind the motto 'Not Me, But You' and by developing their personality through community service. It envisages different activities aiming at instilling discipline, character building and development of the spirit of integrity and patriotism.

ANNUAL FUNCTION

ATAL TINKERING LAB

ATL is a workspace where young minds can give shape to their ideas through hands-on, do-it-yourself mode & learn innovation skills. Young children get a chance to work with tools & equipments to understand the concepts of STEAM (Science, Technology, Engineering, Arts and Math). ATL contains equipment on science, electronics, robotics, open source microcontroller boards, sensors & 3D printers, and computers. Other desirable facilities include meeting rooms & video conferencing facility. In order to foster a sense of curiosity and inquisitiveness among students, various competitions & several activities are conducted at regional & national level. Exhibitions, workshops on problem solving, designing & fabrication of products, lecturer service etc. are also organized at periodic intervals. Students of RKP are given platform to explore solutions to unique problems they come across beyond their regular curriculum.
